

Elder Abuse Prevention Project Synopsis and Links to Resources

The Domestic Violence Division of the Metropolitan Nashville Police Department has partnered with The [YWCA of Nashville and Middle Tennessee](#), [Fifty Forward](#), [Sexual Assault Center](#), the [District Attorney General](#), and [Adult Protective Services](#) to provide training to law enforcement personnel, members of the judiciary, prosecutors, and court staff on how to recognize the signs and symptoms of elder abuse. Elder abuse is an older adult experiencing physical abuse, neglect, sexual abuse or stalking, financial exploitation, or emotional abuse. This comprehensive training will enable law enforcement to develop skills to more effectively assess, investigate and prosecute cases of elder abuse in Nashville.
